KUYBYSHEV ARMAMENTS PLANT

FRUNZE #7 ARMAMENTS PLANT, LENINGRAD

This memorandum reports the completion of industrial photo intelligence studies on each of the above plants. The preliminary study was submitted to the requester. Months later, it was returned to this division with notes and refinements, and a final report was accomplished.

The report consists of enlargements of each of the plants, with the buildings and their functions delineated.

These studies were requested by I/WA. Only one copy of each was prepared and delivered to the requester for use in a forthcoming OBR report.
